## Profile

Enthusiastic and motivated Computer Engineering graduate with a keen interest in data analytics and visualization. Skilled in working with data using tools like Excel and SQL, and creating insightful dashboards using Power BI and Tableau. Using Python for data cleaning, analysis, and automation tasks. Interested in applying analytical thinking and problem-solving skills to real-world business challenges. A quick learner with hands-on project experience and a passion for turning raw data into actionable insights.

## Education

Shrimati Kashibai Navale College of Engineering, B.E in Computer Science 2021 – Present

- CGPA: 8.12

## Projects

Myntra Sales Data Analysis [GitHub](#)

- Processed & analyzed 2 datasets (Products & Customers) using Pandas & NumPy, ensuring data accuracy and consistency.
- Developed 10+ insightful visualizations with Matplotlib & Seaborn, revealing key trends in sales, customer behavior, and product performance.
- Tools Used: Python, Google Colab, Excel.

Olympic Data Analytics [GitHub](#)

- Engineered a Power BI dashboard featuring over 15 interactive visualizations to examine Olympic data across 30+ sports.
- Cleaned and modeled 1,000+ data entries to provide insights into athlete performance, medal distribution, and country rankings..
- Tools Used: Power BI, Excel, Figma.

## EXTRA CURRICULAR AND CERTIFICATIONS

PwC Power BI Job Simulation (Forage) August 2024

- Completed a job simulation where I strengthened my Power BI skills to better understand clients and their data visualization needs.
- Designed interactive Power BI dashboards to analyze and present key performance indicators (KPIs), driving data-driven client decisions.
- Leveraged analytical problem-solving skills to examine HR data, particularly focusing on gender-related KPIs, and identified root causes for gender balance issues at the executive management level

Accenture Data Analytics and Visualization Simulation (Forage) March 2024

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture.
- Cleaned, transformed, and analyzed 7 diverse datasets to uncover actionable insights on content performance and emerging trends, enabling data-driven strategic decision-making.
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders .

## SKILLS

Programming Languages: Python | SQL

Tools: Power BI | DAX | GitHub | Matplotlib | Numpy | Pandas | Seaborn | Figma

Soft Skills: Quick Adaptability | Communication | Teamwork | Creativity

Specialization: Data Visualization | Data Analysis
